EMERGENCY RULE

22 CSR 10-2.010 Definitions

PURPOSE: This rule establishes the policy of the board of trustees regarding the key terms within the Missouri Consolidated Health Care Plan.

EMERGENCY STATEMENT: This rule must be in place by January 1, 2001, in accordance with the award of our current contracts. Therefore, this rule is necessary to protect members (employees, retirees and their families) enrolled in the Missouri

*Consolidated Health Care Plan (MCHCP) from the unintended consequences of having their health insurance coverage interrupted due to confusion regarding eligibility or availability of benefits. Further, it clarifies responsibility for eligible charges, beginning with the first day of coverage for the new plan year. It may also help ensure that inappropriate claims are not made against the state and help protect the MCHCP and its members from being subjected to unexpected and significant financial liability and/or litigation. It is imperative that this rule be registered immediately in order to maintain the integrity of the current health care plan. This emergency rule must become effective January 1, 2001, in order that an immediate danger is not imposed on the public welfare. This rule reflects changes made to the plan by the Missouri Consolidated Health Care Plan Board of Trustees. This emergency rule complies with the protections extended by the *Missouri and United States Constitutions* and limits its scope to the circumstances creating the emergency. This emergency rule is calculated to assure fairness to all interested persons and parties under the circumstances. Emergency rule filed December 12, 2000, becomes effective January 1, 2001, and expires on June 29, 2001.*

Title 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN

Division 10—Health Care Plan

Chapter 2—Plan Options

EMERGENCY RULE

22 CSR 10-2.020 Membership Agreement and Participation Period

PURPOSE: This rule establishes the policy of the board of trustees in regard to the employee's membership agreement and membership period for participation in the Missouri Consolidated Health Care Plan.

EMERGENCY STATEMENT: This rule must be in place by January 1, 2001, in accordance with the award of our current contracts. Therefore, this rule is necessary to protect members (employees, retirees and their families) enrolled in the Missouri Consolidated Health Care Plan (MCHCP) from the unintended consequences of having their health insurance coverage interrupted due to confusion regarding eligibility or availability of benefits. Further, it clarifies responsibility for eligible charges, beginning with the first day of coverage for the new plan year. It may also help ensure that inappropriate claims are not made against the state and help protect the MCHCP and its members from being subjected to unexpected and significant financial liability and/or litigation. It is imperative that this rule be registered immediately in order to maintain the integrity of the current health care plan. This emergency rule must become effective January 1, 2001, in order that an immediate danger is not imposed on the public welfare. This rule reflects changes made to the plan by the Missouri

Consolidated Health Care Plan Board of Trustees. This emergency rule complies with the protections extended by the Missouri and United States Constitutions and limits its scope to the circumstances creating the emergency. This emergency rule is calculated to assure fairness to all interested persons and parties under the circumstances. Emergency rule filed December 12, 2000, becomes effective January 1, 2001, and expires on June 29, 2001.

(1) The application packet and confirmation notice shall comprise the membership agreement between a public entity and the Missouri Consolidated Health Care Plan (MCHCP).

(A) By applying for coverage under the MCHCP a public entity agrees that—

1. For groups of less than five hundred (500) employees, the MCHCP will be the only health care offering made to its eligible members. For groups of five hundred (500) or more employees the entity may maintain a self-insured preferred provider organization (PPO) plan or one point-of-service (POS) option (either self-insured or on a fully-insured directly contracted basis), but may not offer a competing plan of the same type through the MCHCP (also see number (1)(A)8.);

2. It will contribute at least twenty-five dollars (\$25) per month toward each active employee's premium;

3. Individual and family deductibles, if appropriate, will be applied. Deductibles previously paid to meet the requirements of the terminating plan may be credited for those joining one of the PPO options. Appropriate proof of said deductibles will be required;

4. Eligible members joining the MCHCP who were covered by any medical plan offered by the public entity or an individual policy will not be subject to any preexisting condition;

5. Eligible members joining the MCHCP at the time of the initial eligibility of the public entity will not have to prove insurability;

6. For groups contracting only with the MCHCP, at least seventy-five percent (75%) of all eligible employees must join the MCHCP. For groups of five hundred (500) employees or more that choose one of the alternative options identified in paragraph (1)(A)1., the entity must maintain seventy-five percent (75%) coverage of all their employees covered through all of their offerings;

7. An eligible employee is one that is not covered by another group sponsored plan;

8. Public entities joining the plan must offer their eligible members all the plans available through the MCHCP;

9. Any individual eligible as an employee may be covered as either an employee or dependent, but not both. Employees enrolled as dependents will not be considered as eligible employees in consideration of section (6); and

10. A public entity may apply a probationary period, not to exceed applicable federal guidelines, before benefits become effective.

(B) Effective January 1, 2001, in order to provide retiree coverage, any participating member agency joining MCHCP must have one of the criteria listed below. If neither of these scenarios is applicable and no retirement plan exists, no "retirees" would exist, so there would be no retiree eligibility.

1. An established retirement plan with contributions shared by both the employee and the employer (or made by the employer only) with an established minimum vesting period. The employer must offer coverage to retirees who have met this minimum vesting period requirement.

2. An employer-sponsored (but no contribution made by employer) retirement plan in which the employee is currently participating or from which the employee is eligible to receive a benefit. In this case, in order to be considered an eligible retiree, the prospective member must have met a vesting criterion equal to Missouri State Employee Retirement (MOSERS). If this criterion

was not met, the employer may not offer coverage to that person as a retiree.

(2) The employee membership agreement shall consist of the written application of the employee, the plan document as adopted by the board and duly executed amendments. The plan booklets and any associated administrative guidelines interpret the membership agreement for the benefit of members and administrators but are not a part of the membership agreement.

(3) The participation period shall begin on the participant's effective date in the plan. Participation shall continue until this plan or coverage in this rule is terminated for any reason. However, transfer from the prior plan to this plan will be automatic upon the effective date of this plan.

(4) The effective date of participation shall be determined, subject to the effective date provision in subsection (4)(C), as follows:

(A) Employee Participation.

1. If application by an employee is made on or before the date of eligibility, participation shall become effective on such date of eligibility;

2. If application by an employee is made within thirty-one (31) days after the date of eligibility, participation may become effective on the date of eligibility or the first day of the calendar month coinciding with or following the date of application, except that participation shall be retroactive to the beginning of the month for employees rehired during the month following the month participation would have terminated; and

3. Not limiting or excluding any of the other provisions, if application is not made within thirty-one (31) days of the employee's date of eligibility, they may apply for coverage only if a life event occurs. Life events include: marriage, birth, adoption, death, divorce, legal separation, job loss or failure to elect continuation of coverage. A special enrollment period of thirty-one (31) days shall be available beginning with the date of the life event. It is the employee's responsibility to notify the plan administrator of the life event.

(B) Dependent Coverage. Dependent participation cannot precede the employee's participation. Application for participants must be made in accordance with the following provisions. For family coverage, once an employee is participating with respect to dependents, newly acquired dependents are automatically covered on their effective dates as long as the plan administrator is notified within thirty-one (31) days of the person becoming a dependent. The employee is required to notify the plan administrator on the appropriate form of the dependent's name, date of birth, eligibility date and Social Security number, if available. Claims will not be processed until the required information is provided;

1. If an employee makes concurrent application for dependent participation on or before the date of eligibility or within thirty-one (31) days thereafter, participation for dependent will become effective on the date the employee's participation becomes effective;

2. When an employee participating in the plan first becomes eligible with respect to a dependent child(ren), coverage may become effective on the eligibility date or the first day of the month coinciding with or following the date of eligibility if application is made within thirty-one (31) days of the date of eligibility and provided any required contribution for the period is made; and

3. Unless required under federal guidelines—

A. An emancipated dependent who regains his/her dependent status is not eligible for coverage until the next open enrollment period; and

B. An eligible dependent that is covered under a spouse's health plan who loses eligibility under the criteria stipulated for dependent status under the spouse's health plan is not eligible for coverage until the next open enrollment period. (Note:

Subparagraphs (4)(B)3.A. and B. do not include dependents of retirees or long-term disability members covered under the plan.)

(C) Effective Date Proviso.

1. In any instance when the employee is not actively working full-time on the date participation would otherwise have become effective, participation shall not become effective until the date the employee returns to full-time active work. However, this provision shall not apply for public entities (or any individual who is a member of that public entity) when the MCHCP is replacing coverage for that public entity.

(D) Application for dependent coverage may be made at other times of the year when the spouse's, ex-spouse's (who is the natural parent providing coverage), or legal guardian's: 1) employment is terminated or is no longer eligible for coverage under his/her employer's plan, or 2) employer-sponsored medical plan is terminated. With respect to dependent child(ren) coverage, application may also be made at other times of the year when the member receives a court order stating s/he is responsible for providing medical coverage for the dependent child(ren) or when the dependent loses Medicaid coverage. Dependents added under any of these exceptions must supply verification from the previous insurance carrier or the member's employer that they have lost coverage and the effective date of termination. Coverage must also be requested within sixty (60) days from the termination date of the previous coverage. Application must be made within sixty (60) days of the court order. (Note: This section does not include dependents of retirees or long-term disability recipients covered under the plan.)

(E) When an employee experiences applicable life events, eligibility will be administered according to Health Insurance Portability and Accountability Act (HIPAA) guidelines.

(5) Termination of participation shall occur on the last day of the calendar month coinciding with or following the happening of any of the following events, whichever shall occur first:

(A) Written request by the employee;

(B) Failure to make any required contribution toward the cost of coverage;

(C) Entry into the armed forces of any country. With respect to an employee, membership in the National Guard or Reserves with or without two (2) consecutive full weeks of active training each year shall not be considered as entry into the armed forces; or

(D) Termination of Eligibility for Participation.

1. With respect to employees, termination of participation shall occur upon termination of employment in a position covered by the MCHCP, except as specified in sections (6) and (7).

2. With respect to dependents, termination of participation shall occur upon ceasing to be a dependent as defined in this rule with the following exception: unemancipated mentally retarded and/or physically handicapped children will continue to be eligible beyond age twenty-three (23) during the continuance of a permanent disability provided documentation satisfactory to the plan administrator is furnished by a physician prior to the dependent's twenty-third birthday, and as requested at the discretion of the plan administrator.

3. Termination of employee's participation shall terminate the participation of dependents, except as specified in section (7).

(6) Termination of participation shall occur immediately upon discontinuance of the plan subject to the plan termination provision specified in 22 CSR 10-2.080(1).

(7) Continuation of Coverage.

(A) Dependents. Termination of an active employee's participation by reason of death shall not terminate participation with respect to the surviving spouse and/or dependent children if—

1. The active employee was vested and eligible for a future retirement benefit; or

2. Your eligible dependents meet one of the following conditions:

A. They have had coverage through MCHCP since the effective date of the last open enrollment period;

B. They have had other health insurance for the six (6) months immediately prior to your death—proof of insurance is required; or

C. They have had coverage through MCHCP since they were first eligible.

(B) Employee Eligible for Retirement Benefits. Any employee who, at the time of termination of employment, met the following—

1. Eligibility Criteria:

A. Coverage through MCHCP since the effective date of the last open enrollment period;

B. Other health insurance for the six (6) months immediately prior to the termination of state employment—proof of insurance is required; or

C. Coverage since first eligible.

2. Immediately eligible to receive a monthly retirement benefit from the Missouri State Employees' Retirement System, Public School Retirement System, the retirement system of a participating public entity, or the Highway Retirement System may elect to continue to participate in the plan by paying the cost of plan benefits as determined by the plan administrator. An employee must apply for continued coverage within thirty-one (31) days of the first day of the month following the date of retirement. An employee, continuing coverage under this provision, may also continue coverage for eligible dependents.

A. If a member participates in the MCHCP as a vested member, his/her dependents may also participate if they meet one of the following criteria:

(I) They have had coverage through MCHCP since the effective date of the last open enrollment period;

(II) They have had other health insurance for the six (6) months immediately prior to state employment termination—proof of insurance is required; or

(III) They have had coverage since they were first eligible.

3. In the case of the death of a retiree who was maintaining dependent coverage under this provision, the dependent of the deceased retiree may continue his/her participation under the plan. However, retirees, long-term disability recipients and their dependents are not later eligible if they discontinue their coverage at some future time.

(C) Coverage at Termination—A former employee may participate in the plan if s/he terminates employment before retirement provided s/he is a vested employee. This means s/he will be eligible for a benefit from the Missouri State Employees' Retirement System, the Public School Retirement System, the retirement system of a participating public entity or the Highway Retirement System when s/he reaches retirement age. Coverage may also be continued by a member of the general assembly, a state official holding a statewide elective office, or an employee employed by an elected state official or member of the general assembly whose employment is terminated because the state official or member of the general assembly ceases to hold elective office. The election to participate must be made within thirty-one (31) days from the last day of the month in which employment terminated. The member must pay the full cost of coverage. However, s/he will not later be eligible if s/he discontinues coverage at some future time.

(D) Leave of Absence—An employee on approved leave of absence may elect to retain eligibility to participate in the plan by paying the required contributions. The employing department must officially notify the plan administrator of the leave of absence and any extension of the leave of absence by submitting the required form. Any employee on an approved leave of absence who was a member of the Missouri Consolidated Health Care Plan when the

approved leave began, but who subsequently terminated participation in the Missouri Consolidated Health Care Plan while on leave, may recommence his/her coverage in the plan at the same level (employee only, or employee and dependents) upon returning to employment directly from the leave, but they will be subject to preexisting limitations, when applicable. Preexisting limitations under this provision will not apply to HMO or POS members. However, eligibility is terminated for those members receiving a military leave of absence, as specified in subsection (5)(C). Coverage may be reinstated upon return from military leave without proof of insurability or preexisting conditions. However, the former member must complete an enrollment form.

(E) Layoff—An employee on layoff status may elect to retain eligibility to participate in the plan by paying the required contribution for a maximum of twenty-four (24) months with recertification of status at least every twelve (12) months by the employing department. Eligibility will terminate if the employee becomes eligible for health benefits as an employee of another employer. If participation terminates and the employee is recalled to service, eligibility will be as a new employee.

(F) Workers' Compensation—Any person who is receiving, or is entitled to receive, Workers' Compensation benefits as a result of an injury or accident sustained in employment and who was a member of the plan at the time of becoming disabled may continue his/her coverage in the plan at the same level of participation (employee only or employee and dependents) by paying the required contributions, if the disability occurred in the employment through which the employee qualifies for membership in the plan. Any person receiving, or entitled to receive, Workers' Compensation benefits who was a member of the plan at the time of becoming disabled as a result of an injury or accident sustained in employment through which the person qualified for membership in the plan, but who subsequently terminated participation in the plan, may recommence his/her coverage in the plan at the same level (employee only, or employee and dependents) upon returning to employment, without proving insurability.

(G) Reinstatement After Dismissal—If an employee is approved to return to work after being terminated as a result of legal or administrative action available as a recourse through his/her employer, s/he will be allowed to reinstate his/her medical benefit retroactively to the date of dismissal. If the employee is reinstated with back pay, s/he will be responsible for paying any contribution normally made for either his/her coverage or his/her covered dependents. No preexisting condition limitation will apply. If the employee is reinstated without back pay, s/he will be considered to have been on a leave of absence. Consequently, the employee will be responsible for making any required contribution toward the cost of his/her medical benefits. If the employee does not purchase coverage for the period between termination and reinstatement, s/he may regain the same level of coverage s/he had prior to termination. If the employee participates in a PPO plan, the preexisting condition limitation will apply if coverage lapsed more than sixty-three (63) days. This does not apply if the employee participates in an HMO or POS.

(8) Federal Consolidated Omnibus Budget Reconciliation Act (COBRA).

(A) In accordance with the COBRA, eligible employees and their dependents may continue their medical coverage after the employee's termination date.

1. Employees terminating for reasons other than gross misconduct may continue coverage for themselves and their covered dependents for eighteen (18) months at their own expense.

2. A surviving spouse and dependents, not normally eligible for continued coverage, may elect coverage for up to thirty-six (36) months at their own expense.

3. A divorced spouse may continue coverage at his/her own expense for up to thirty-six (36) months if the plan administrator

is notified within sixty (60) days from the date coverage would terminate.

4. Dependent spouse and/or child(ren) may continue coverage up to thirty-six (36) months if the covered employee retires and the dependent spouse/child(ren) has not been covered by the plan for two (2) years.

5. Children who would no longer qualify as dependents may continue coverage for up to thirty-six (36) months at their (or their parent's/guardian's) expense if the plan administrator is notified within sixty (60) days of the loss of the dependent's eligibility.

6. Employees who are disabled at termination or become disabled during the first sixty (60) days of coverage may continue coverage for up to twenty-nine (29) months.

7. Premiums for continued coverage will be one hundred two percent (102%) of the rate under the regular PPO plan, one hundred fifty percent (150%) if disabled. Once coverage is terminated under the COBRA provision it cannot be reinstated.

8. All operations under the COBRA provision will be applied in accordance with federal regulations.

(9) Missouri State Law COBRA Wrap-Around Provisions—Missouri law provides that if you lose your group health insurance coverage because of a divorce, legal separation or the death of your spouse you may continue coverage until age sixty-five (65) if: a) you continue and maintain coverage under the thirty-six (36)-month provision of COBRA, and b) you are at least fifty-five (55) years old when your COBRA benefits end. The qualified beneficiary must apply to continue coverage through the wrap-around provisions and will have to pay all of the application premium. MCHCP may charge up to an additional twenty-five percent (25%) of the applicable premium. The above Cancellation of Continuation Coverage also applies to COBRA wrap-around continuation.

Title 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN

Division 10—Health Care Plan Chapter 2—Plan Options

EMERGENCY RULE

22 CSR 10-2.040 PPO Plan Summary of Medical Benefits

PURPOSE: This rule establishes the policy of the board of trustees in regard to the medical benefits for participation in the Missouri Consolidated Health Care Plan PPO.

EMERGENCY STATEMENT: This rule must be in place by January 1, 2001, in accordance with the award of our current contracts. Therefore, this rule is necessary to protect members (employees, retirees and their families) enrolled in the Missouri Consolidated Health Care Plan (MCHCP) from the unintended consequences of having their health insurance coverage interrupted due to confusion regarding eligibility or availability of benefits. Further, it clarifies responsibility for eligible charges, beginning with the first day of coverage for the new plan year. It may also help ensure that inappropriate claims are not made against the state and help protect the MCHCP and its members from being subjected to unexpected and significant financial liability and/or litigation. It is imperative that this rule be registered immediately in order to maintain the integrity of the current health care plan. This emergency rule must become effective January 1, 2001, in order that an immediate danger is not imposed on the public welfare. This rule reflects changes made to the plan by the Missouri Consolidated Health Care Plan Board of Trustees. This emergency rule complies with the protections extended by the Missouri and United States Constitutions and limits its scope to the circumstances creating the emergency. This emergency rule is calculated to assure fairness to all interested persons and parties under the circumstances. Emergency rule filed December 12, 2000, becomes effective January 1, 2001, and expires on June 29, 2001.

(1) Lifetime maximum, three million dollars (\$3,000,000).

(2) Automatic Annual Reinstatement—Maximum, five thousand dollars (\$5000).

(3) Deductible Amount—Per individual for the preferred provider organization (PPO) plan each calendar year, three hundred dollars (\$300), family limit each calendar year, nine hundred dollars (\$900).

(4) Coinsurance.

(A) Individual:

1. PPO—Ninety percent (90%) of the first seven thousand five hundred dollars (\$7500) of covered charges in the calendar year which are subject to coinsurance, one hundred percent (100%) of any excess of covered charges in the calendar year, but see the provision applicable to second opinion, substance abuse and mental and nervous conditions, chiropractic care and PPOs.

2. Non-network—Seventy percent (70%) of the first seven thousand five hundred dollars (\$7500) of covered charges in the calendar year which are subject to coinsurance, one hundred percent (100%) of any excess of covered charges in the calendar year, but see the provision applicable to second opinion, substance abuse and mental and nervous conditions, chiropractic care and PPOs.

3. Out-of-area—Eighty percent (80%) of the first seven thousand five hundred dollars (\$7500) of covered charges in the calendar year which are subject to coinsurance, one hundred percent (100%) of any excess of covered charges in the calendar year, but see the provision applicable to second opinion, substance abuse and mental and nervous conditions, chiropractic care and PPOs.

(B) Family:

1. PPO—Ninety percent (90%) of the first fifteen thousand dollars (\$15,000) of covered charges in the calendar year which are subject to coinsurance; one hundred percent (100%) of any excess of covered charges in the calendar year, but see the provision applicable to PPO.

2. Non-network—Seventy percent (70%) of the first fifteen thousand dollars (\$15,000) of covered charges in the calendar year which are subject to coinsurance; one hundred percent (100%) of any excess of covered charges in the calendar year, but see the provision applicable to PPO.

3. Out-of-area—Eighty percent (80%) of the first fifteen thousand dollars (\$15,000) of covered charges in the calendar year which are subject to coinsurance; one hundred percent (100%) of any excess of covered charges in the calendar year, but see the provision applicable to PPO.

(5) The deductible will be waived and the employee or dependent will only be responsible for a ten dollar (\$10) co-payment for an office visit for covered services if a physician or provider is utilized who is enrolled in a preferred provider network that has contracted with the plan administrator. Charges for other covered services provided in addition to the office visit will be covered under the regular PPO benefit(s) available at the time of service.

(6) Hospital Room Charges—The hospital's most common charge for semi-private accommodations, unless a private room has been recommended by a physician and approved by the claims administrator or the plan's medical review agency.

(7) Clinical Management—Certain benefits are subject to a utilization review (UR) program. The program consists of four (4) parts, as described in the following:

(A) Precertification—The medical necessity of a non-emergency hospital admission, specified procedures as documented in the claims administrator's guidelines, and/or skilled nursing services provided on an inpatient basis must be prior authorized by the appropriate review agency. For emergency hospital admissions, the review agency must be notified within forty-eight (48) hours of

the admission. Retirees and other participants for whom Medicare is the primary payor are not subject to this provision;

(B) Concurrent Review—The review agency will continue to monitor the medical necessity of the admission and approve the continued stay in the hospital. Retirees and other participants for whom Medicare is the primary payor are not subject to this provision;

(C) Large Case Management—Members that require long-term acute care may be offered the option of receiving the care, if appropriate, in a more cost-effective setting such as a skilled nursing facility or their own home. In some cases this may require coverage for benefits that normally are not covered under the plan. These benefits may be provided through the approval of the claims administrator;

(D) Hospital Bill Audits—Certain hospital bills will be subject to review to verify that the services billed were actually provided and/or the associated billed amounts are accurate and appropriate; and

(E) Penalties—Members not complying with subsections (7)(A) and (B) may be subject to a financial penalty in connection with their covered benefits. (Note: The utilization review program will be operated in accordance with the administrative guidelines.)

(8) Participants eligible for Medicare who are not eligible for this plan as their primary plan, shall be eligible for benefits no less than those benefits for participants not eligible for Medicare. For such participants who elect to continue their coverage, benefits of this plan shall be coordinated with Medicare benefits on the then standard coordination of benefits basis to provide up to one hundred percent (100%) reimbursement for covered charges.

(A) If a participant eligible for Medicare who is not eligible for this plan as the primary plan is not covered by Medicare, an estimate of Medicare Part A and/or Part B benefits shall be made and used for coordination or reduction purposes in calculating benefits. Benefits will be calculated on a claim submitted basis so that if, for a given claim, Medicare reimbursement was for more than the benefits provided by this plan without Medicare, the balance will not be considered when calculating subsequent claims; and

(B) If any retired participants or long-term disability recipients, their eligible dependents or surviving dependents eligible for coverage elect not to be continuously covered from the date first eligible, or do not apply for coverage within thirty-one (31) days of their eligibility date, they shall not thereafter be eligible for coverage.

(9) Prescription Drug Program—The PPO plan provides coverage for maintenance and non-maintenance medications, as described in the following:

(A) Medications.

1. In-Network.

A. Five dollar (\$5) co-pay for thirty (30)-day supply for generic drug on the formulary.

B. Fifteen dollar (\$15) co-pay for thirty (30)-day supply for brand drug on the formulary.

C. Twenty-five dollar (\$25) co-pay for thirty (30)-day supply for non-formulary drug.

2. Non-Network—The deductible will apply. After satisfaction of the deductible, claims will be paid at fifty percent (50%) coinsurance. Charges will not be applied to the out-of-pocket maximum.

3. Mail Order Program—Prescriptions may be filled through a mail order program for up to a ninety (90)-day supply for twice the regular co-payment for a drug on the maintenance list.

(B) Non-Network Pharmacies—If a member chooses to use a non-network pharmacy, s/he will be required to pay the full cost of the prescription, then file a claim with the prescription drug administrator. S/he will be reimbursed the amount that would have been allowed at an in-network pharmacy, less any applicable

deductibles or coinsurance. Any difference between the amount paid by the member at a non-network pharmacy and the amount that would have been allowed at an in-network pharmacy will not be applied to the out-of-pocket maximum.

AUTHORITY: section 103.059, RSMo 2000. Emergency rule filed Dec. 16, 1993, effective Jan. 1, 1994, expired April 30, 1994. Emergency rule filed April 4, 1994, effective April 14, 1994, expired Aug. 11, 1994. Original rule filed Dec. 16, 1993, effective July 10, 1994. Title 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN

Division 10—Health Care Plan Chapter 2—Plan Options

EMERGENCY RULE

22 CSR 10-2.050 PPO Plan Benefit Provisions and Covered Charges

PURPOSE: This rule establishes the policy of the board of trustees in regard to the benefit provisions and covered charges for participation in the Missouri Consolidated Health Care Plan PPO Plan.

EMERGENCY STATEMENT: This rule must be in place by January 1, 2001, in accordance with the award of our current contracts. Therefore, this rule is necessary to protect members (employees, retirees and their families) enrolled in the Missouri

Consolidated Health Care Plan (MCHCP) from the unintended consequences of having their health insurance coverage interrupted due to confusion regarding eligibility or availability of benefits. Further, it clarifies responsibility for eligible charges, beginning with the first day of coverage for the new plan year. It may also help ensure that inappropriate claims are not made against the state and help protect the MCHCP and its members from being subjected to unexpected and significant financial liability and/or litigation. It is imperative that this rule be registered immediately in order to maintain the integrity of the current health care plan. This emergency rule must become effective January 1, 2001, in order that an immediate danger is not imposed on the public welfare. This rule reflects changes made to the plan by the Missouri Consolidated Health Care Plan Board of Trustees. This emergency rule complies with the protections extended by the Missouri and United States Constitutions and limits its scope to the circumstances creating the emergency. This emergency rule is calculated to assure fairness to all interested persons and parties under the circumstances. Emergency rule filed December 12, 2000, becomes effective January 1, 2001, and expires on June 29, 2001.

(1) Benefit Provisions.

(A) Subject to the provisions and limitations of this plan document and the written application of the employee, the benefits, as provided in the summary of benefits, are payable for covered charges incurred by a participant while covered for this benefit, provided the deductible requirement, if any, is met.

(B) The deductible requirement applies each calendar year to covered charges shown in the summary of benefits. The requirement is met as soon as covered charges incurred in a calendar year, which are not paid in part or in whole by the plan, equals the deductible amount shown in the summary of benefits.

(C) The family deductible requirement is met as soon as covered charges in a calendar year, which are not paid in part or in whole by the plan, equals the family deductible requirement shown in the summary of benefits.

(D) The total amount of benefits payable for all covered charges incurred during an individual's lifetime shall not exceed the lifetime maximum specified in the summary of benefits, subject to reinstatement as provided in subsections (1)(E) and (F).

(E) An annual reinstatement of benefits previously paid will be made on each January 1 for each insured person, not to exceed the automatic annual reinstatement maximum on the summary of benefits. In no event will the reinstatement increase the lifetime maximum to an amount in excess of the lifetime maximum shown in the summary of benefits.

(F) If both husband and wife are participating separately as employees under this plan, the family deductible and benefit features shall nevertheless apply to the benefit of the family unit.

(2) Covered Charges.

24. Type X charges for normally covered services arising from a non-covered service.

25. Type Y charges for Internet Physician Visits when enrolled in the Care Support Program and registered for the service.

At the option of the claims administrator, or his/her designee, durable equipment may be purchased based on quality and cost considerations. Maintenance and repair of purchased equipment is covered if provider supplies statement of continued medical necessity in time intervals determined by claims administrator or his/her designee.

Emergency rule filed December 12, 2000, becomes effective January 1, 2001, and expires on June 29, 2001.

(1) If a participant is also covered under any other plan (as defined here) and is entitled to benefits or other services for which benefits are payable under this plan, the benefits under this plan will be adjusted as shown in this rule.

(2) As used in this rule—

(A) Plan means a plan listed in the following which provides medical, vision, dental or other health benefits or services:

1. A group or blanket plan on an insured basis;
2. Other plan which covers people as a group;

3. A self-insured or non-insured plan or other plan which is arranged through an employer, trustee or union;

4. A prepayment group plan which provides medical, vision, dental or health service;

5. Government plans, including Medicare;

6. Auto insurance when permitted by the laws of the state of jurisdiction; and

7. Single- or family-subscribed plans issued under a group- or blanket-type plan;

(B) The definition of plan shall not include:

1. Hospital preferred provided organization (PPO) type plans;

2. Types of plans for students; or

3. Any individual policy or plan;

(C) Each plan, as defined previously, is a separate plan. However, if only a part of the plan reserves the right to adjust its benefits due to other coverage, the portion of the plan which reserves the right and the portion which does not shall be treated as separate plans;

(D) Allowable expense means a necessary, reasonable and customary item of medical, vision, dental or health expense which is covered at least in part under one (1) of the plans. If a plan provides benefits in the form of services, the cash value of such service will be deemed to be the benefit paid. An allowable expense to a secondary plan includes the value or amount of any allowable expense which was not paid by the primary or first paying plan; and

(E) Benefit determination period means from January 1 of one (1) year through December 31 of the same year.

(3) The benefits under the policy shall be subject to the following:

(A) This provision shall apply in determining the benefit as to a person covered under the policy for a benefit determination period if the sum of paragraphs (3)(A)1. and 2. listed in this rule exceeds the allowable expense incurred by or on behalf of such person during the period—

1. The benefits payable under this plan in the absence of this provision; and

2. The benefits payable under all other plans in the absence of provisions similar to this one;

(B) As to any benefit determination period, the allowable expense under this plan shall be coordinated, except as provided in subsection (3)(C), so that the sum of such benefits and all of the benefits paid, payable or furnished which relate to such allowable expense under other plans, shall not exceed the total of allowable expenses incurred by the covered individual. All benefits under other plans shall be taken into account whether or not claim has been made;

(C) If coverage under any other plan is involved, as shown in subsection (3)(B)—

1. This plan contains a provision coordinating benefits with other plans; and

2. The terms set forth in subsection (2)(D) would require benefits under this plan be figured before benefits under the other plan are figured, the benefits under this plan will be determined as though other plans were not involved;

(D) The basis for establishing the order in which plans determine benefits shall be as follows:

1. Benefits under the plan which cover the person on whom claim is based as an employee shall be determined before the benefits under a plan which cover the person as a dependent; and

2. The primary plan for dependent children will be the plan of the parent whose birthday occurs first in the calendar year. If both parents have the same birthday, the plan of the person who has been covered the longest period of time becomes the primary carrier;

A. When the parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a plan which covers the child as a dependent of the parent with cus-

tody of the child will be determined before the benefits of the plan which covers the child as a dependent of the parent without custody;

B. When the parents are divorced and the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent. The benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody; and

C. In spite of subparagraphs (3)(D)2. A. and B., if there is a court decree which would otherwise decide financial duty for the medical, vision, dental or health care expenses for the child, the benefits of a plan which covers the child as a dependent of the parent with such financial duty shall be decided before the benefits of any other plan which covers the child as a dependent; and when paragraphs (3)(D)1. and 2. do not establish the order of benefit determination, the plan which covers the person for the longer time shall be determined first; and

(E) When this provision operates to reduce the benefits under this plan, each benefit that would have otherwise been paid will be reduced proportionately and this reduced amount shall be charged against the benefit limits of this plan.

(4) When a member has coverage with two (2) group plans, the plan which covers the person for the longer time shall be determined first.

(5) If a member is eligible for Medicare due to a disability, Medicare is the primary plan and this plan is a secondary plan. If a member or dependent is eligible for Medicare due to end stage renal disease, this plan is primary for the first eighteen (18) months. Medicare is primary after the first eighteen (18) months.

(6) The claims administrator, with the consent of the employee or the employee's spouse when the claim is for a spouse, or the parent or guardian when the claim is for a minor child, may release or obtain any data which is needed to implement this provision.

(7) When payments should have been paid under this plan but were already paid under some other plan, the claims administrator shall have the right to make payment to such other plan of the amount which would satisfy the intent of this provision. This payment shall discharge the liability under this plan.

(8) When payments made under this plan are in excess of the amount required to satisfy the intent of this provision, the claims administrator shall have the right to recover the excess payment from one (1) or more of the following:

(A) Any person to whom, for whom or with respect to whom these payments were made;

(B) Any insurance company; or

(C) Any other organization.

(9) The claims administrator will pay benefits promptly, or, if applicable, within their contractual time frame obligations after submittal of due proof of loss unless the claims administrator provides the claimant a clear, concise statement of a valid reason for further delay which is in no way connected with, or caused by the existence of this provision nor otherwise caused by the claims administrator.

(10) If one (1) of the other plans involved (as defined in coordination of benefits provision) provides benefits on an excess insurance or excess coverage basis, subsection (3)(C) and (D) shall not apply to the plan and this policy will pay as excess coverage.

If a member does not currently have children coverage under the plan but states that the required information was provided within the thirty-one (31)-day enrollment period, he/she must sign an affidavit stating that their information was provided within the required time period. The affidavit must be notarized and received in the MCHCP office within thirty-one (31) days after the date of notification from the MCHCP.

**Title 22—MISSOURI CONSOLIDATED HEALTH
CARE PLAN
Division 10—Health Care Plan
Chapter 2—Plan Options**

EMERGENCY RULE

22 CSR 10-2.080 Miscellaneous Provisions

PURPOSE: This rule establishes the policy of the board of trustees in regard to miscellaneous provisions under the Missouri Consolidated Health Care Plan.

EMERGENCY STATEMENT: This rule must be in place by January 1, 2001, in accordance with the award of our current contracts. Therefore, this rule is necessary to protect members (employees, retirees and their families) enrolled in the Missouri Consolidated Health Care Plan (MCHCP) from the unintended consequences of having their health insurance coverage interrupted due to confusion regarding eligibility or availability of benefits. Further, it clarifies responsibility for eligible charges, beginning with the first day of coverage for the new plan year. It may also help ensure that inappropriate claims are not made against the state and help protect the MCHCP and its members from being subjected to unexpected and significant financial liability and/or litigation. It is imperative that this rule be registered immediately in order to maintain the integrity of the current health care plan. This emergency rule must become effective January 1, 2001, in order that an immediate danger is not imposed on the public welfare. This rule reflects changes made to the plan by the Missouri Consolidated Health Care Plan Board of Trustees. This emergency rule complies with the protections extended by the *Missouri* and *United States Constitutions* and limits its scope to the circumstances creating the emergency. This emergency rule is calculated to assure fairness to all interested persons and parties under the circumstances. Emergency rule filed December 12, 2000, becomes effective January 1, 2001, and expires on June 29, 2001.

(1) Termination of the Plan. Any other provision of this plan to the contrary notwithstanding, no benefit will be paid for charges incurred by a participant or former participant after the termination of this plan.

(2) Facility of Payment. Preferred provider organization (PPO) plan benefits will be paid to the employee if living and capable of giving a valid release for the payment due. If the participant, while living, is physically, mentally or for any other reason incapable of giving a valid release for any payment due, the claims administrator at his/her option, unless and until request is made by the duly appointed guardian, may pay benefits which may become due to any blood relative or relative connected by marriage to the participant, or to any other person or institution appearing to the claims administrator to have assumed responsibility for the affairs of the participant. Any payments made by the claims administrator in good faith pursuant to this provision shall fully discharge the claims administrator to the extent of the payment. Any benefit unpaid at the time of the employee's death will be paid to the employee's estate. If any benefits shall be payable to the estate of the employee, the claims administrator may pay these benefits to any relative by blood or connection by marriage of the employee

who is deemed by the claims administrator to be equitably entitled to it. Any payments made by the claims administrator in good faith pursuant to this provision shall fully discharge the claims administrator to the extent of this payment. Subject to any acceptable written direction and assignment by the employee, any benefits provided, at the claims administrator's opinion, may be paid directly to an eligible provider rendering covered services; but it is not required that the service be rendered by a particular provider.

(3) Confidentiality of Records. The health records of the participants in the plan are confidential and shall not be disclosed to any person, except pursuant to a written request by, or with the prior written consent of, the individual to whom the records pertain, unless disclosure of the records would be to the officers and employees of the plan or claims administrator or his/her legal representatives who have a need for the records in the performance of their duties; or unless disclosure would be for a routine use by the plan or claims administrator for a purpose which is compatible with the purpose for which it was collected; or unless disclosure of the records would be to the commissioner of administration, or his/her legal representative, for the sole purpose of preventing fraudulent or redundant medical claims to either the Missouri Consolidated Health Care Plan, Missouri, or other public entities as an employer or self-insurer of Workers' Compensation for use in the investigation of a Workers' Compensation claim; or unless disclosure of the records is to the participant to whom the record pertains; or unless disclosure of the record is pursuant to the order of a court of competent jurisdiction. The parent of any minor, or the legal guardian of any individual who has been declared to be incompetent due to physical or mental incapacity by a court of competent jurisdiction, may act on behalf of the individual.

(4) Should any provision of this plan conflict with the requirements of federal or state law, including but not limited to the Family and Medical Leave Act, the Americans with Disabilities Act or the Older Workers Benefit Protection Act, the plan shall be administered in such a way as to comply with the requirements of law, and will be deemed amended to conform with law.

(5) This document will be kept on file at the principal offices of the plan and claims administrator and may be inspected by a participant during regular business hours. Also, the plan administrator reserves the right at any time to modify or amend, in whole or in part, any or all provisions of the plan.
